1. Applicant was required to resubmit a copy of the amended claims as filed using appropriate bracketing and underlining, rather than using strikethrough and underlining as originally filed with the application. The amendment filed 7/26/04 has not been entered because the amendment is not based on the patent as issued, since as best as can be determined there was no period on line 3 of claim 1 nor hyphen on line 2 of claim 8 in the issued patent. The amendment filed 8/25/04 has not been entered because the amendment uses an improper amendment format, i.e., resubmission of columns 5 and 6 from the issued patent. The amendment filed 8/26/04 has been entered and provides a copy of the amended claims as filed using appropriate bracketing and underlining.

2. Any inquiry concerning this communication or earlier communications from the examiner should be directed to W. R. Young whose telephone and VoiceMail number is (703) 308-1554.
